RESUBMITTED PRELIMINARY AMENDMENT

Commissioner for Patents
Alexandria, VA

Sir:

The applicant believes that the Preliminary Amendment filed on February 15, 2005 meets the requirements of 37 CFR 1.121 as all the claims were amended and designated as "Currently Amended". Amendment to some of the claims was minor, including the addition of a comma.

Repeated calls to the Legal Instruments Examiner (LIE) at 571-272-1554 went unanswered even though the undersigned left explicit messages. In the interest of expediting the examination of this application, applicant resubmits the Preliminary Amendment withdrawing the minor amendments and designating these claims as "Original".
